## Education

---

### Batangas State University - TNEU

*Bachelor of Science in Information Technology*

Aug 2019 – Aug 2023

*Golden Country Homes, Alangilan, Batangas City*

Major in Business Analytics

## Work Experience

---

### BatStateU - Digital Transformation Center

*Frontend Developer Intern*

Feb 2023 – May 2023

*Onsite*

- Designed and developed mockups and user interfaces for a **Mobile Application Project** using **Figma** and **React Native**.
- Led the design and development of the **Web Application's** frontend user interface, utilizing **Figma** for design, and employing **HTML5, CSS, and JavaScript** for implementation.
- Contributed to the development of backend service for **Web Application Project** using **PHP and MySQL**.

### RakSquad Tech Corp

*Web Developer*

Oct 2023 – Feb 2024

*Remote*

- Implemented a multi-faceted frontend user interface for a **Web Application Project** utilizing a modern tech stack including **React, NextJs 13, Tailwind, and Redux Toolkit** to create distinct interfaces for User, Admin, and Teacher functionalities.
- Constructed a robust backend for a **Web Application Project** leveraging **Node.js, Express.js, MongoDB, and a RESTful API** for efficient data management and interaction.
- Implemented a secure user authentication system employing **Access and Refresh Token** for enhanced security and user experience.
- Leveraged **Postman** to automate API testing and ensure the application's functionality aligns with intended behavior.

## Personal Projects

---

### Web Portfolio | *Website* | *Source Code*

**ReactJS | Tailwind | Vite | Vercel**

- \* Crafted a dynamic and interactive personal portfolio website to showcase my expertise and experience. This project utilized a modern technology stack including **ReactJS, Tailwind CSS, and Framer Motion** for a seamless user experience.
- \* The website was bootstrapped with **Vite** and deployed on **Vercel** for efficient development and hosting.

### Web-based Memory Keeper | *Source Code*

**ReactJS | NodeJS | API**

- \* Developed an intuitive **ReactJS** application tailored for keeping images for memories, seamlessly connecting with the back-end to facilitate uploading and retrieving images.

## Trainings and Certificates

---

### Software Engineering Training | *Certificates*

**DICT**

- Completed a **Basic to Advance Software Engineering** course from DICT Training program.

## Technical Skills

---

**Languages:** JavaScript, SQL, HTML5, CSS, PHP, PYTHON

**Developer Tools:** Postman, Git, VSCode, PyCharm, Eclipse, Figma

**Libraries/Frameworks:** ReactJS, NextJs, Express, NodeJs, Redux, Tailwind, Bootstrap

**Database:** MySQL, PostgreSQL, MongoDB

**Other:** MS Word, Powerpoint, Excel, Internet, Photoshop
